## Call for exhibition of sustainable building materials and systems in the SB04Med Event, Athens 9-10-11 June 2005

We inform you that on the initiative of the SD-MED Association founded on the philosophy of the European LIFE-Environment Project "SB-MED" 2004-2006 an International conference entitled "**Sustainable Construction: action for sustainability in the Mediterranean region**", hosted by the International organisations **iisBE, CIB, UNEP, OECD and the SB05 Tokyo Organisers** and co-hosted by the LIFE beneficiary ( Municipality of Athens Development Agency) will be held in Athens, at Zappeion Congress and Exhibition Centre, on the 9, 10 and 11th June 2005, under the auspices of the Mayor of Athens and the Central Union of Municipalities and Communities of Greece. The second call for papers, which includes details regarding the conference, is attached to this document. The official languages of the conference will be **Greek, English and French** and simultaneous translation will be provided.

The **SB04MED** Conference aims to promote sustainable building through three parallel actions: 1) academic paper presentation, 2) sustainable design of educational buildings presentation and 3) presentation of innovative techniques, technologies, construction methods and materials, like solar protection systems ( e.g shading devices), solar collectors, photovoltaic systems, passive cooling systems, ecological building materials etc.

We invite you to participate by exhibiting your products and systems and if you wish by presenting them in a special conference session. The companies which are **mostly interested could be registered as financial supporters**, with preferential promotion of the company and the product. We would appreciate your application for participation and possible proposed support until the **20th February 2005**.

We would be mostly happy to welcome you in Athens !

With Best Regards

*Dr Stella KYVELOU*  
Architect, President of  
the Association SD-MED

OECD
